

COMMANDERS IN CONFERENCE.

Mexican and American Meet
on Border Line.

International Aspect of the
Revolt Considered.

Appreciation of the Attitude
Taken by America.

(BY DIRECT WIRE TO THE TIMES.)

EL PASO, (A.P.) Nov. 2.—(Exclusive Dispatch.) To confer on the international aspect of the revolution in its military bearing, Gen. Earl D. Thomas, U. S. A., commander of the Department of Colorado, and Gen. Luis Torralba, Governor of Sonora, Mexico, and commanding officer of all the troops of that State, met on the United States side of the international line at Naco, on the edge of this country, this afternoon, and talked over the situation in private for at least a half hour.

Gen. Torralba expressed his thanks and gratitude of his government for the prompt action taken by Gen. Thomas in putting a force of United States troops on the line to enforce the neutrality laws. He was of the opinion that, with American troops on the border, the danger of arms being smuggled into Mexico will be greatly minimized. He also considered the movement as a friendly one to the Mexican government.

Gen. Thomas assured the Mexican officials that it was the intention of the United States to rigidly enforce the neutrality laws, and that United States troops will be maintained on the border as long as necessary.

Gen. Torralba arrived in Naco on a special train from Hermosillo, accompanied by his aides, Mayor Arnold of Camaguey, Sonora; Judge Carrasco, of Camaguey; Judge Carrasco, of Camaguey; United States Consul Dye, of Nogales. The meeting was one of the most notable that has ever taken place in military circles between the United States and Mexico in the southwest.

Gen. Torralba displayed a telegram from official sources saying that a battle at Chihuahua occurred today between Mexican Federal troops and revolutionaries. The result was that twenty-one revolutionaries were killed, many wounded and a large number captured. The remainder of the band was put to rout.

A crowd of several hundred people from all parts of Cochise county and Northern Sonora turned out to greet the Generals and they were enthusiastically received. Among the volunteers were several men who were arrested at Naco at the outbreak of the revolution for aiding the cause of the insurrection. Since their release they have joined the volunteers to show their loyalty to the government.

BITTER PROSECUTION CERTAIN
IF NEGLIGENCE FOUND.

Coroner's Jury, State Labor Department and City Building Authorities to Conduct Separate Inquiry as to Responsibility for Fire in Which Twenty-four Girls Died.

(ASSOCIATED PRESS NIGHT REPORT.)

NEWARK, (N. J.) Nov. 2.—"If I find any city or State official guilty of neglect in the inspection of this building," said County Prosecutor Moti today, as he stood by the ruins of the factory in which twenty-four girls lost their lives by fire last Saturday, "there will be the bitterest sort of prosecution."

A Coroner's jury was sworn in, the first of its kind to sit here in twenty years. County physicians ordinarily perform such tasks. There also will be separate inquiries by the grand jury, the State Labor Department and the city building department.

The destroyed building was the property of Miss Barbara Glass, who has issued a statement that the structure was adequately equipped with fire escapes. Funerals of many of the victims were held today. Many of the girls and women killed were supporting their families. One woman left a blind daughter almost penniless, and there is much actual want in other households.

A relief fund has now reached \$2000.

(ASSOCIATED PRESS NIGHT REPORT.)

TRENTON, (N. J.) Nov. 2.—Gen. Lewis T. Bryant, State Commissioner of Labor, today made an investigation into the fire at Newark last Saturday, in which twenty-four girls lost their lives. At the conclusion, Gen. Bryant issued a statement absolving the owners.

The twenty-fourth case of typhoid fever developed at the Naval Academy at Annapolis, yesterday when midshipman E. C. Woodward of the first class was admitted to the naval general hospital.

MONTANA GOVERNOR UPHOLDS IRRIGATION POLICY OF WEST.

(ASSOCIATED PRESS NIGHT REPORT.)

CHICAGO, Nov. 2.—Gov. Edwin L. Norris of Montana, delivered the principal address at the opening of the United States Land and Irrigation Congress today. He rebuked the East for its attitude regarding conservation and declared that the West was competent to carry out all necessary measures and stood ready to do so. He said: "It seems eminently fitting that a land and irrigation congress, organized for the purpose of exhibiting products of the soil, should be held in Chicago. This is the gateway between the populous centers of the East, wherein there is an overcrowded population striving for mere existence, and the great undeveloped West, where there are prosperous homes for millions of people."

"Several western Governors journeyed to St. Paul in September last to take part in the deliberations of the National Conservation Congress, of which they are members. It was found on arrival there that delegates attending from the West, where almost all the unsupplemented natural resources are to be found, were expected to sit at the feet of eastern conservation

any act to carry out the purpose of such unlawful combination. The American Sugar Refining Company, the National Sugar Refining Company of New Jersey and the Western Sugar Refining Company, each listed as an unlawful combination in restraint of trade, and that each of them be restrained from engaging in interstate foreign commerce.

TO EXERCISE LARGE HOLDERS.

"That the court adjudge that the shares of the capital stock of each defendant corporation heretofore acquired by any other corporate defendant were unlawfully acquired, and that each share holder be enjoined from continuing to hold such shares and that the issuing corporations be enjoined from permitting the exercise of rights incident to the holding of such shares and that they be enjoined from paying dividends to the holders."

"That the shippers of capital stock in the National Sugar Refining Company, Utah-Idaho Sugar Refining Company, Great Western Sugar Company and Continental Sugar Company, formerly held by the late H. O. Havemeyer, are being unlawfully used by the executors and trustees under his will, who are made defendants in the suit in which the government asks that the executors and trustees be enjoined from further using the powers incident to the shares so held by them as to bring about co-operation between the issuing companies and the other defendant companies."

"That the defendants be enjoined from continuing to carry out the purposes of the unlawful combination and conspiracy and be required to withdraw from all connections therewith."

"That the court grant such general relief as may be proper by way of injunction, reformation, or otherwise."

CLOSED REFINERIES.

The criminal sugar combine, the petition sets forth, was the Sugar Refining Company, which was formed in August, 1887, under the lead of H. O. Havemeyer and embraced companies which together carried on 50 per cent. of the sugar trade in interstate and foreign trade of the country. Within two years of the formation of the original company, it is charged, the combination closed twelve refineries. In 1889 it obtained the Independent California Company leaving outside the combination only the four Philadelphia concerns. The State of New York attacked the arrangement in a suit to dissolve the North Sugar Refining Company, which was one of the parties to the agreement, and the courts held the combination to be illegal.

Thereupon the present American Sugar Refining Company was formed in January, 1891, and continued the business of the combine. From 1891 to 1908, it is said, independent refineries started up and others tried to. One company built a plant in Baltimore but before it could operate the American company bought its capital stock and never allowed it to open its refinery. The same thing happened to the United States Refinery in 1896 when it built a plant at Camden, N. J.

The suppression of the Pennsylvania Sugar Refining Company, which was brought out in a suit against the American company, some years ago, is referred to. The California and Hawaii Sugar Company, controlled by Hawaii planters, was put out of business. It is alleged, by means of an agreement whereby the combine was to pay \$200,000 a year for three years provided it retired from the field.

CUSTOMS FRAUDS CITED.

The government charges that the American has obtained unfair advantage over competitors by obtaining money on imports by customs frauds, as was brought out by the government's recent suit, by receiving rebates from railroads, and by working in harmony with wholesale grocers' associations throughout the country and keeping up the price of sugar.

A considerable proportion of the petition is devoted to the acquisition by the combine of the best sugar plants when that industry began to grow formidable. In 1901 all of the companies except the Spruells Company, which was a best sugar concern, were independent. The American, it is charged, began its campaign by sending into the Middle West large quantities of sugar on credit which it had obtained rebates and free storage during the summer. In the fall, which is the time when the best sugar companies began to sell their products, the American is said to have put its prices to less than those of the independent companies, thus forcing them to sell at a loss.

At present, according to the petition, the American Company and its subsidiaries control 75 per cent. of the total output of refined sugar in the country, which is said to be enough to permit it absolutely to control prices after meeting a certain amount of competition.

The defendants are the American Sugar Refining Company, its directors and officers and all cane and beet sugar companies in which it holds stock or over which it has control by the holding of stock in them by companies which in turn are controlled by the American Sugar Refining Company. The American Sugar Refining Company of New York, Franklin Sugar Refining Company of Philadelphia, Spruells Sugar Refining Company of Philadelphia, Western Sugar Refining Company of San Francisco, California Sugar Refining Company of San Francisco, National Sugar Refining Company of New Jersey, National Sugar Refining Company of New York, New York Sugar Refining Company, Mollenhauer Sugar Refining Company of Brooklyn, W. J. McCahan Sugar Refining Company of Philadelphia, Cuban-American Sugar Company of New York, Alameda Sugar Company of San Francisco, Union Sugar Company of San Francisco, Spruells Sugar Company of San Francisco, Utah-Idaho Sugar Company of Salt Lake City, Amalgamated Sugar Company of Ogden, Utah, Lewiston Sugar Company of Lewiston, Idaho, Great Western Sugar Company of Jersey City, New Jersey, American Sugar Company of Denver, Billings Sugar Company of Billings, Mont., Scotts Bluff Sugar Company of Denver, Michigan Sugar Company of Saginaw, Mich., Iowa Sugar Company of Des Moines, Iowa, Carver County Sugar Company of Chaska, Minn., Continental Sugar Company of Cleveland, and the Mead River Sugar Company of Mead, Nebraska.

James M. Beck, general counsel of the American Sugar Refining Company, made this statement in court.

"The company's reply to the various charges will be seen when its formal answer is filed in court. For the present it is sufficient to remind the public and the company's stockholders that the Supreme Court has already declined in a similar proceeding by the government to hold that this company was an illegal monopoly under the Sherman law, and the court has deprecated the attitude of the justice of their well-considered and solemn judgments."

"HAS NO MONOPOLY."

"The company has no monopoly in the sugar industry; it produces no raw sugar and does not control the price of the raw material; it has no agreements direct or implied with other sugar companies, and is subject to daily competition of the keenest character. "It has, including its beet sugar interests, about 51 per cent. of the country's sugar trade and it requires a liberal stretch of the imagination to call this a monopoly. It does not seek to stifle competition or oppress the consumer by advancing the cost of a necessity of life. Its refinery profits last year averaged less than one-sixth of a cent per pound. "During the last decade, when the prices of nearly every necessity of life have materially advanced and when the cost of this company's labor and supplies very largely increased, it has continued to sell sugar at a lower price of profit than formerly. In 1920 the price of granulated sugar in New York was 12 1/2 cents a pound; in 1890, 9 1/2; in 1880, 5 1/2; in 1900, 4 1/2. A so-called 'trust' cannot be altogether 'bad' when its price form so striking an exception to the general movement of commodity prices. "It is unfortunate that business men cannot conduct a legitimate business enterprise without subjecting themselves to proceedings under a highly technical statute, about the meaning of which the courts do not agree, and about the wisdom of which most thoughtful men of all classes are in serious doubt."

BALLINGER ANSWERS SUIT.

Oklahoma Man Claims 100-Acre Allotment on Ground He Is a Member of Three Indian Tribes.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 2.—Secretary Ballinger has filed in the District Supreme Court his answer to a mandamus proceeding instituted against him by James F. Howell of Oklahoma, by which the latter seeks a patent for 100 acres bordering on Lawton, Okla.

By representing he was a full member of the Kiowa, Comanche and Apache tribes of Indians, Howell, it is said, secured the passage of a special act of Congress granting him the land in question, declared to be worth \$2,000.

In his answer, the Secretary says Howell is a white man and has been denied enrollment by the Dawes Commission. He further says the patent is being held up under the authority of the President, pending the reassembling of Congress, when it is expected the special act will be reconsidered.

NEW YORK, Nov. 2.—The transfer tax appraisal of the estate of George Crocker, the California millionaire, who died here in December, 1908, was filed today in the surrogate's office. Eugene D. TREAT ACQUITTED BY JURY.
Rancher Charged With Murder of Friend Proves Self-Defense at Trial at Oroville.

(BY DIRECT WIRE TO THE TIMES.)
OROVILLE (Cal.), Nov. 28.—(Exclusive Dispatch.) Warren Treat, a well-known farmer near Biggs, was acquitted today of the murder of J. C. Chambers, his close friend and associate. The jury took the case this morning and returned a verdict at 4 o'clock. The jury was locked up all Saturday afternoon and Sunday, the trial having been concluded too late Saturday to permit instruction to be given by the court.

Treat killed Chambers at the Treat ranch near Biggs and there was thought to be a clear case against him to insure conviction, but when the testimony was taken certain necessary facts were impossible to prove. The defense succeeded in making enough showing of self-defense to secure acquittal. Treat was once wealthy, but through dissipation lost most of his property.

(ASSOCIATED PRESS NIGHT REPORT.)
SEAN FRANCISCO, Nov. 28.—The fixing of responsibility for the collision between the steamers Beaver and Selja, which resulted in the loss of the latter and the drowning of two Chinese, now rests with United States inspectors Bulger and Bolles, who, after hearing further evidence today, took the case under advisement. IMPORTANCE TO CITY GOVERNMENT, DE-ATTORNEY, BUT IF HEARING DOESN'T EX-AMINATE PHASE COMPLAINTS WILL FOLLOW. REPLY BEFORE POLICE COMMISSION, VIR-CAPI. FREDE RICKS TO GO AHEAD.

"If such a hearing when held does not explain away the criminal phase of the case then our duty is plain. We will give Mr. Dean a complaint upon application. Suppose the commission members of the commission and the chief of police, I will say that this commission and the chief of police invite a most thorough investigation in no other way than by filing a complaint."

THE MAYOR'S REPLY.
At last night's meeting of the Police Commission the Mayor made a public announcement as a sort of defiance to the statement of the District Attorney. In this statement the Mayor said:

"I want to make a public statement. The press and certain citizens have made serious charges against the Chief of Police and a member of this commission. After conferring with other members of the commission and the Chief of Police, I will say that this commission and the chief of police invite a most thorough investigation in no other way than by filing a complaint."

Other Galloway incidents of the evening were a report from the City Attorney that the Chief of Police must pay \$2 a month to the pension fund. The Attorney held that the reason for requiring him to pay was his eligibility to a pension if he should be retired after twenty years of service. The attorney was not joking. The commission instructed Department Clerk to make the deduction from the November pay roll, but voted not to ask former Chief Dismann to pay for some months he omitted.

Nick Harris who is suing for \$75 for services in raiding a night club, alleging that the Chief employed him through Guy Eddie, City Prosecutor, though Eddie last night denied this, also asked that investigation be made as to whether one of the bicycles involved in this office raid was covered by the police but disappeared from the station. The commission asked the Chief to make a report.

successes than ever before in his history. "There is one play which I secured, however, which I desire to talk about, for I bought it outright so far as American rights are concerned. It is called 'The Fox' and is by Lee Arthur. Mr. Arthur will be in Los Angeles next week and he will superintend the staging of the play by the Burbank Company. After this I am going to take the play to Chicago for the remainder of the season, and will open the New York season with it September 1, 1911. The time is already contracted for in both cities. Mr. Arthur was one of the collaborators on David Warfield's first big success, 'The Auctioneer', and is one of the most original plays I ever read. I had to fight to get it, as a number of eastern managers were after it."

"Edgar Selwyn is so delighted with the way we got his current success 'The Country Boy' launched at the Burbank last summer, that he is going to return next summer and will appear four weeks in new plays by himself. He is one of the most promising of the younger stars, but has had no time to act this year, as he was busy managing his plays and those of his wife, Margaret Mayo, adapting to play for Willie Collier. 'If I Be Hanged I Do' played in its original version here at the Belasco as 'The Energetic Mr. West' and getting started on his next year's crop. He will break away from New York about June 1, however, to appear at the Burbank. He will be with us four weeks and will be followed immediately by Richard Bennett for a similar length of time."

"During my trip I visited all of our other stock theaters controlled by Frederic Belasco, George L. Baker, and myself, and they are all doing well. Our old friends John Burton and Henry Stockbridge are in our new theater in Portland and both are great favorites. In Seattle we have another Los Angeles favorite, Joseph Gallagher, who is one of the most popular leading men ever seen there. I saw little Maude Hanford in our Spokane theater, and she has developed into an excellent ingenue."

CHRISTMAS SPIRIT.
MORE CASH FOR RAILWAY MAIL.
UNCLE SAM'S TRAVELING MEN TO GET EXPENSES.

Division Superintendent Talks at Clerks' Banquet on Subjects of Seasonable Interest—Says Southern California Will Have Boom Winter According to All Signs.

Past and future betterments in the working conditions of the employees of the railway mail service was the theme of an informal talk by A. H. Stephens of San Francisco, guest of honor at the railway mail clerks' banquet held at the Angelus last night.

Mr. Stephens is superintendent of the Eighth Division of the railway mail service, now on a general tour of inspection of parts of the territory under his jurisdiction, which includes California, Nevada, Arizona, Utah, the Hawaiian Islands and portions of Idaho, Colorado, New Mexico and Texas. Only about one-tenth of the 470 men under him were present last night but they made up for it in cordiality of their welcome.

Touching upon what the last Congress had done for the railway mail clerks, Mr. Stephens mentioned that their last pay day was the first upon which Uncle Sam had at last concluded to allow these very essential factors in the mail business anything toward their traveling expenses while on the road. The present appropriation of \$250,000 makes it possible to allow each about twenty-four cents a day for expenses. The superintendent expressed himself as sanguine that the next Congress would increase this so that every one of 10,000 men now employed in the railroad mail will get \$1 per day subsistence, in addition to his salary.

"It is that in the face of a postal deficit for the past year of some \$15,000,000," said Mr. Stephens. "The railway mail is going to be asked to help to make this up during the coming year, though personally I do not see how we can get along with another man less than we have now. The real solution of the postal deficit is to

charge up against the other department of the government the money that is spent by the Postoffice in carrying their mail on government trucks. I think there would just about cover that \$13,000,000.

"The present flourishing condition of the Los Angeles District is indicated by the fact that we are now negotiating with the railroad for bigger cars to handle the incoming and outgoing mail from this city. And in that connection it may be mentioned that every indication points to a record-breaking winter season in Southern California—in so far as the mail is an indication. The Christmas rush has begun at least two weeks earlier than usual and, where it does not normally commence it increases before December 1. It has grown more than twenty-five per cent. in the last twelve days."

Other speakers of the evening were Toastmaster Martin H. Marquis, P. L. R. Moore, chief clerk of the Los Angeles District, who spoke on "Our Superintendent," J. W. Koshane, president of the Los Angeles District Railway Mail Association; P. E. Vestal, President of the Eighth Division Railway Mail Association; W. W. Weller, George A. Wake and H. E. Pearson, all of whom spoke upon subjects of interest to those connected with the service.

BANQUET IN ANTICIPATION.
Skeptical Men Will Be Called on to Make Good Their Banters—Debt Disappearing in Large Chunks.

Today a plan will be set on foot at the Young Women's Christian Association, by which a large force of workers will devote tomorrow, the last day of the campaign for raising the debt on the building, to securing subscriptions. Mrs. W. J. Chichester's plan for securing 100 women to give \$1000 each, is nearing its fulfillment. So skeptical were her friends when the project was started, that two prominent businessmen of the city promised to give a luncheon to the 100 women, when their gifts were secured. Now the project is so near in sight that the date for the luncheon has been set for a day soon after Christmas.

To keep pace with the Ways and Means Committee, another hundred women will aim for \$100 each. The list of those who are entering enthusiastically into this effort is growing rapidly.

FUNNY FELLOWS' CLUB WANTS
LAUGH TO SHOW.

Many Comic Suggestions Offered at Meeting Held Last Night—Chief of Police Declares Prisoner in Washington Is Not Wanted for Burglary at the Guinido.

(Office of The Times, 28 E. Raymond avenue.)
PASADENA, Nov. 23.—The Funny Fellows Club is still looking for a few funny names from which to select one which will fitly further the future fame of the Crown City. Several were suggested at the big meeting held last night in the Board of Trade rooms. The entire gathering was enthusiastic and the meeting got down to real business. The first order of business was the reading of the names of the 250 charter members who have paid their dues and consigned themselves to make the people laugh. Among the names suggested was one from a young woman in Inglewood. Her recommendation was the "Crown City Clown Club." Other names proposed from the floor were "Calthumpians," "Tournament Tourbators," "Humorous Highball Heroes," "Mythic and Jubilant Jovial Jesters," "Comic Knights of California," "Queen's Jesters," "Hooping Hospitality Helpers," "Mythic Knights of Pasadena," "Komic Knights of the Carnival." These names were all received with great applause, but the matter was laid over until the next meeting when a name is to be chosen.

R. D. Davis, chairman of the proposed parade committee, read a long report detailing suggestions for the parade which will be a series of vaudeville stunts to be given as the parade passes. The report was read and adopted and the committee was instructed to go ahead with the preparations for the event.

The meeting adjourned to meet in another week. The following permanent officers of the club were chosen: A. K. Warr, president; C. W. Dean, secretary; J. W. Morin, treasurer; Grant Orth, chairman Finance Committee; Eugene Kohler, chairman of the Parade Committee; C. W. Kolner, chairman of the Illumination Committee; Dr. A. H. Palmer, chairman of the Membership Committee.

APPLAUD OPERA "PINAFORE."
One of the largest and most fashionable audiences ever gathered in the Norton Theater was that of last night to see the first performance of the pretty society opera, "Pinafore" which was given by members of Pasadena's younger society set, assisted by a few professional actors. Pinafore is one of the old operas but is always interesting especially when the parts are taken by those who are well-known to the audience. The part of Little Buttercup was excellently portrayed by Miss Laura Wallace as was the part of Bill Bobstay by John R. Bragdon. Bragdon is well-known to Pasadena theatergoers. The part of Dick Deadeye was well carried out by George A. Clark. Ben J. Baker, who has been known to Pasadena as Captain Corcoran and no less popular was Miss Margaret Torrey as Hebe. Ralph Backstraw was taken by Edwin Temple and Josephine by Miss Helen Bertram. The big chorus which added so much to the beauty of the opera was made up entirely by local talent.

The most interesting part of the evening's entertainment was the rendition of "A Sea Idyll," a beautiful musical act arranged by Prof. Ely, consisting of a reproduction of a sea scene and the characters depicted various life of the sea, such as sailors, turtles, lobsters and fish, each garbed for the part taken. It was introduced at the close of the opera "Pinafore" when Ralph Backstraw married the daughter of the admiral and in honor of the event he stated that Neptune had sent as a special emissary these animals of the sea to assist in the celebration. The act started out with a song by a snow man which was followed by a song by a girl bearing a fence of flowers and sailors with long ropes of flowers. The opera closed with a grand finale by the entire chorus.

HARMONY PREVAILS.
The wrinkles have all been ironed out of the band concert muddle and the sky has been made perfectly clear. At the meeting of the Park Commissioners yesterday afternoon, Mayor Barley was authorized to employ Gregory's Italian Band to give a concert in Library Park next Saturday afternoon. Wednesday afternoon, December 7, the Pasadena band will discontinue music in the same park and on Saturday, December 10, the Long Beach band will give the people a sample of its music. The Mayor has selected a committee of three musical critics whose names will be withheld. The committee will attend each of the concerts and will decide which band plays the best music and on the decision of the committee the commissioner will employ the best of the three musical organizations. The bid of the Pasadena band for five concerts, to be delivered on Wednesday and Sunday afternoons, is \$38.15; a concert, that of Gregory is \$32; while the Long Beach musicians bid \$100. But the commissioners have stated that the small matter of a few dollars either way will not influence them in getting the best band.

The superintendent of the Carmelita playgrounds was authorized to place large signs over the gateways, giving the name of the grounds and the hours when they are open for the information of those who desire to use the playground.

PRISONER PROVES INNOCENCE.
Capt. Copping of the Police Department received a letter yesterday from a lawyer named Arthur P. Turt of Portland, stating that the Spokane Amateur Athletic Club of that city was burglarized some time ago by a man answering the description of the man who was arrested in Spokane last week on a Pasadena warrant, charging him with having burglarized the Pasadena Athletic Club.

A dispatch received by The Times last night from Olympia, Wash., says: "When Chief of Police Wood of Pasadena, Cal., caught one glimpse of Charles J. Wagner of Spokane, who had been arrested at the request of the Pasadena police on a charge of burglary, he announced Wagner was not the man wanted and that brought about the unfolding of the tale of how a grip stolen from Wagner caused his arrest."

The stolen grip which the Pasadena police managed to get hold of in the Hotel Guinido when a burglar, who had captured red handed made his escape, resulted in Wagner's arrest as all his papers were in it as well as his Spokane address. The grip was stolen from Wagner in North Yakima some time ago and he heard nothing more of it until today. Wagner upon being arrested fought being extradited to California and not only the detective who captured the thief declared Wagner was not the man but Wagner easily proved

he was in Spokane at the time of the Pasadena robbery.

CITY MERCHANTS COMPLAIN.

The furniture store merchants of Pasadena are up in arms over what they call a "bad breach of etiquette, to say the least," as one of them stated last night. Recently the City Council authorized the Mayor and Superintendent of the Municipal Lighting Department to lease a building adjoining the City Hall to be used by the lighting department. The building has been rented and many changes are being made to accommodate the various clerks of the department. After the carpenters had completed their work the time came for installing the furniture. Naturally the Pasadena furniture men expected to receive the contract for the office furniture, but they state Manager Koerner has given his business to Los Angeles merchants. Many of the home merchants say that they ordered the Edison lights out of their places of business to help the municipal plant, with the understanding that it is strictly a home affair, giving and receiving patronage at home. Two of the local merchants say that they have been gone to Manager Koerner with their complaints but without effect.

THROOP MAN RESIGNS.

Theodore Coleman, who has been the secretary and business agent of Throop for ten years, yesterday, tendered his resignation to the Board of Trustees to take effect at once. Mr. Coleman held the same position for Throop before the elementary, academy and institute were segregated. He was separated from the different departments with the Throop Polytechnic Institute. He gives as his reason for giving up the work, at this time, a desire to return to private life. His successor has not been named.

COMMITTEE RETURNS.

The special committee appointed by the Board of Trade Water Committee to investigate conditions in the Big Tujunga basin returned to the city last night. The gentlemen of the committee reported many interesting features, saying that they found conditions much different from what they expected. They took a number of pictures of the basin and will submit a report of their findings at the next meeting of the general committee.

HOMESICKNESS SUPPOSED CAUSE

Young Woman Ends Her Life With a Razor in Santa Monica—Road Race Funds.

SANTA MONICA, Nov. 23.—Homesickness is the reason attributed for the death of a young woman here three days ago by Miss Jessie Corn, whose body was today discovered lying on the floor of the toilet in a tenement house on the beach at 125 Kinney street. In the hand of the young woman was a tightly clasped razor, that being the weapon with which she cut her throat and ended her life.

The house in which the body was found belongs to Mrs. C. J. Baker. It had been away from the beach several days. Returning home today, she discovered that some one had entered the toilet-room, preventing the opening of the door. Giving the door a hard push, she was able to see that the impediment was a body. Calling assistance, the door was forced open and the body was removed to the Kerkela undertaking establishment, where it was identified by J. A. Baker as that of Miss Jessie Corn, aged 25, a daughter of John Corn of Honeywell, Kan. Baker and his family arrived at the beach six weeks ago from Kansas. Miss Corn accompanied them on the trip. She found employment at the beach and was known to be ill, although she had frequently complained of being homesick. Previously to the finding of her body it was not known that she was missing or that she had contemplated any rash act. Those at the beach who knew her said that she was a young woman, as she presumed she was still working at the restaurant where she had been employed.

THE CITIZENS' AUTOMOBILE ROAD RACE

Committee, appointed by the City Council to raise funds with which to police the course and provide the turns and prizes, submitted its report to the City Council tonight. The itemized statement shows that contributions to the fund have been received from all sources, and that all but \$30.22 was expended. The Fourth-street bridge across Nevada avenue cost \$190; labor on turns, \$100; lumber, \$100; and the other items of expense were incidental.

The report states that the committee desires to thank all the city officials for their hearty co-operation, also the public-spirited citizens of Santa Monica who subscribed to the fund.

The report says great credit is due to M. K. Barrett, Chief of Police, who had charge of the policing of the course.

HOW HE EXPLAINS IT.

Collector Taggart, who Falls Behind Predecessor in Cash Gathered in, Prefers Checks.

Total tax payments at the office of City Collector Taggart were \$102,588 behind those of his unformed predecessor last year. The amount collected up to the close of business last night was \$1,474,846, of which \$129,918 was collected yesterday. Last year it was \$1,324,424, or \$129,918 was the last day collection. But this year the Collector estimates that \$1,500,000 has been mailed to him, while last year the mail receipts were only \$442,414. He sent notices to those who called for their tax bills that the mailing of checks would be convenient to all and this, he believes, resulted in the decrease in the cash collections. The charge against the Collector this year is \$4,224,165, as against \$3,799,449 last year. The Collector says that while the amount has not greatly increased, the addition of the annexed territory has greatly augmented the work. An instance of this is the fact that last year 128 papers were written in the cash book up to the last moment of this year the number was 1588. The number of tax rolls has increased from twenty-seven to thirty-five, Taggart says.

LUMBER DIFFERENCES BOTH

POLICE JUDGE.

Man Who Has a Lot of Material Stored for Houses He is Building Says He is Not Conducting a Yard. Neighbors Threaten Drastic Measures to Force Removal.

LONG BEACH, Nov. 23.—When is a lumber yard not a lumber yard is the perplexing question which is agitating Judge Hart of the Police Court, the Board of Public Works and the neighborhood of Tenth and California streets where Marcus Campbell, has a lot of lumber stored for houses he is building. He was arrested today charged with constructing buildings within the city limits without a permit, and also for conducting an industrial enterprise in tobaccoed residence territory.

Building Inspector Twombly says Campbell has a permit for the building he has on the property and Campbell says it is only a small shed which he uses as a workshop. He also denies that he is conducting a lumber yard, but the neighbors say he is and threaten to use drastic measures to compel him to remove it from their select neighborhood.

Police Judge Hart says that before he proceeds with the trial he will have the City Attorney and a few other officials give him a few rays of enlightenment.

SUIT FOR BITE.

It developed today that a suit has been filed in the Superior Court by O. E. Burns against Mrs. Nettie Harvey, proprietor of the Pomona apartments on Chestnut avenue, asking \$5000 damages for injuries sustained by a 2-year-old child of Burns being bitten under the left eye last May by a small dog belonging to Mrs. Harvey. According to the claim of the parents, the child was being wheeled in his buggy past the Pomona, when the dog ran up and bit it. The dog was captured and killed. The case is set for trial December 7, before Judge McCormick.

GYPSY QUEEN DIES.

Woman Author and Lecturer, Head of the Gonzalez Tribe, Passes Away at Sawtelle.

SAWTELLE, Nov. 23.—Stella de la Costa Cortez, queen of the Gonzalez gypsy tribe, and an author and lecturer, died at the Sawtelle sanatorium this evening.

She was born in Madrid forty-five years ago and was educated in a Paris convent. She spoke several languages and numbered among her friends prominent people in various parts of the world. She was a popular speaker before women's club gatherings at which she told of the features of the gypsy life.

She came to America fifteen years ago with a purpose of founding a home for her four thousand followers. Some years ago she married Dr. Downs, a Civil War veteran, who survives her.

MONROVIA.

MONROVIA, Nov. 23.—An active demand for houses both furnished and unfurnished has been noted by all the real estate dealers here during the month. Never before in the history of the city have so many easterners come in so early to secure accommodations for the winter months. The postmaster reports every box rented and a long list of waiting applicants.

Dr. C. E. Winslow, proprietor of the Red Feather Poultry ranch, has been having an annoying experience with California jay birds, which have picked into and devoured the contents of many of his hens' eggs.

CITRUS GROWERS HOLD THEIR

ANNUAL MEETING.

Large Percentage of Increase of Business as Compared With That of Last Year—Discuss Co-operative Distribution of Fertilizer for the Groves of the District.

COVINA, Nov. 23.—The report presented at the annual meeting of the Covina Citrus Association today, showed an exceptionally successful and profitable year. This association, which promotes its fruit through the Covina Exchange in the California Fruit Growers' Association, shipped 234,685 boxes of Washington navel, average per packed bushel of 1.34, since December 1920, and is facing a season just opening that promises to break records already made.

The annual meeting was something in the nature of a jollification. The ladies of the Christian Church served luncheon in the packing-house at noon to which about 120 stockholders sat down. The report of Secretary G. N. Atwood, showed that the association has received \$22,315.48 in the year for the Washington navel; \$117 for Thompson improved; \$115 for grape fruit; \$157 for tangerines; \$144 for Mediterranean Sweet; \$116 for seedlings; \$244 for Valencia; Golden Nugget, \$60; Bloods, \$154; St. Michaels, \$154; Jaffa, \$149.

One of the important discussions was that of the coming move on the part of the California Fruit Growers' Association to establish a co-operative fertilizer distribution business in the same manner in which this concern now handles the box-making, printing, general supplies, and the work of packing, fumigating and sprouting. At present the Covina Citrus Association is in favor of having the fertilizer at cost, charging an extra amount on the cost price for handling expenses, with all overcharge being returned to the grower at the end of the year. In the discussion today, the growers were in favor of having the work of assembling raw fertilizer material placed in the hands of the Fruit Exchange, as that concern has undoubtedly saved the grower much by purchasing in large quantities.

The meeting was conducted by President C. S. Beardsley. The following board of directors was elected: A. P. Kerckhoff, A. M. Seely, S. T. Berry, R. E. Egan, J. C. Beardsley, F. J. Watt, C. S. Beardsley, T. F. Griswold, J. H. Breckenridge.

LET'S WEL CONTRACT.

The Covina Irrigation Company has let the contract for the boring of a twenty-six inch well to the Southern California Drilling Company of Los Angeles. The well is one of a series of wells which will be sunk near Irwindale on vacant land near the Pacific Electric Company's station. The well, the amount of the project now pending will cost in the neighborhood of \$15,000.

BRICK MAN DIES.

One of Proprietors of Manufacturing Company Passes Away in Pomona.

POMONA, Nov. 23.—The sudden death of James H. McMullen, which occurred at his home here yesterday, came as a shock to numerous friends. He was one of the proprietors of the Pomona Brick Company and was 54 years old. He had resided here several years, having come from Canada. Mr. McMullen leaves his mother, who is visiting here, two brothers, William, his business partner, and George of Idaho, and three sisters in the Northwest Territory. The funeral will be held tomorrow in Los Angeles.

Work on the new administration building and courthouse of the California George Junior Republic on the Chinatown southeast of here will be started this week. The structure will be built of concrete. The plans were prepared by Architect Shattuck of Los Angeles. The Republic has been presented a plan by Los Angeles Chapter, D. A. R., and a photograph by the Southern California Music Company.

In order the better to provide against damage from frost this season in this locality, some of the growers who own citrus groves in more exposed locations have joined in the matter of securing "orchard heating pots and stoves" and fuel for the same to be used in heating and smudging their frosty morning during the season.

CELEBRATE BIRTHDAYS.

At the ranch home of former Judge Franklin Blades and his wife in the Kingley tract, they entertained at a family dinner yesterday in celebration of the 80th birthday of the former and the 15th birthday of their grandson, who was present.

Edward K. Blades, of Los Angeles, Mr. Blades, prior to coming here with his family a score of years ago, served on the bench in Illinois and was a personal friend of Abraham Lincoln. Yesterday he was the recipient of many spoken and written words of congratulation from numerous friends here and abroad on having attained the age of four score years. The dinner guests were Mr. and Mrs. Paul H. Blades, Judge and Mrs. William Rhodes Hervey, Edward and Harcourt Blades, Miss Irene St. Louis and Mrs. and Mr. Walter A. Lewis and family of this city.

LEAVES A TRAIL.

CLEVER WOMAN

TRACED NORTH.

IS WANTED HERE FOR BUNCO-

ING A LOCAL STORE.

Her Methods, It Appears, Were Simple and Depended Largely Upon an Air of Prosperity and Evidences of Refinement—Forgery May Be Added to Other Charge.

Advices were received in Los Angeles last night to the effect that Mrs. Alice C. Clemshire for whom a warrant was issued Saturday by Deputy District Attorney Keyes for obtaining under false pretences, goods valued at \$400 from Bullock's has been arrested in Oakland. The Sheriff's office will send a party to Los Angeles to prepare the necessary papers for her return to Los Angeles.

According to Deputy Constable Frank P. Cochran of Township Justice Baird's court, who has been close upon Mrs. Clemshire's trail since her disappearance from Los Angeles ten days ago, a charge of forgery may be made against her upon her arrival here. Aside from obtaining the valuable furniture from Bullock's, it is said that she circulated a number of bogus checks the name of a well-known local business man having been forged to several.

Mrs. Clemshire, who is middle aged, is said to be handsome. Her neat appearance, and evidences of culture and refinement enabled her to obtain goods from local merchants almost without question. She resided at a local down town hotel, and Constable Cochran states had the goods delivered to her apartments, promising to pay for them the following day.

Her practice was, it is said, to call upon the department manager, give him her card, and after explaining that she had expected to be introduced by a regular patron of the store, inquire for some article of an expensive nature. The obliging manager would have it shown to her, then take her C. O. D. for it.

Upon the receipt of the article, Mrs. Clemshire would tell the delivery boy to call in half an hour for the money. In giving her address to the delivery clerk, Mrs. Clemshire explained that her husband had recently purchased a controlling interest in a local business house, and that until he could locate a residence that suited, they were stopping in a hotel. In this way suspicion was diverted.

EVANS CALLS
MONEY HELP.

Ex-Bank Teller Wires That
He Is Starving.

Friends Here Send Him One
Hundred Dollars.

In Acapulco Prison Pending
His Requisition.

Alleging that he is slowly starving
to death and suffering agony for want
of medical attention in the Mexican
Federal prison at Acapulco, Wilson
R. Evans, former teller at the Farm-
ers and Merchants National Bank,
who dumped with funds of that in-
stitution September 17, wired local
friends yesterday for help. A draft
for \$100 was forwarded to the prison-
er a few hours afterward.

This is the first communication re-
ceived by Evans's friends in Los An-
geles since the misleading telegram

Evans was immediately arrested by
Mexican Federal officials and \$10,000
of the bank's funds found upon his
person.

That was over a month ago, and
since then Evans has languished in a
Mexican prison awaiting the arrival
of requisition papers and his return
to Los Angeles for trial. Up to the
receipt of the telegram yesterday he
had never been known to complain.
The prison fare, according to Evans,
is not only insufficient to sustain a
normal man, but in ill-smell and in
a state of decomposition when
served. He has been accustomed to
high living, and prison is different.

Evans asserts that the sleeping
quarters are all that have been de-
scribed of Mexican dungeons. The
covering allowed him is not sufficient
in quantity or quality to maintain
comfortable heat for the body. The
walls are damp, and at night when
the cold winds blow in from the ocean,
the jail becomes desolate of all
warmth, according to his statements.

Upon receipt of the message sev-
eral of Evans's local friends raised
\$100 and sent it. Letters of inquiry
have also been penned to the Mexican
authorities as to his physical condi-
tion.

Manager Hatter of the Pinkerton
service was unable to say yesterday
just when Evans will start north. At
present the State Department has the
requisition papers, and until they are
officially received by the Mexican au-
thorities and passed on to the Aca-
pulco Federal officials for service, the
date of Evans's arrival in Los An-
geles will not be known.

WINS A BROWN
AND TIDE LOT.

BUT THIS YUMA LAWYER WILL
SURELY "GET HIS."

President of Charivari Club, Who Is
Too Much for "Arizona Charlie"
on a Heavy Matrimonial Bet, Is
Sincerely Married in Santa Ana.
He'll Hear Something.

Attorney Thomas Molloy, who has a
large practice at Yuma, and who often
appears before the court in that city,
gave himself the surprise of his life
last Wednesday at Santa Ana by get-
ting married. Yesterday he gave his
friends here almost an equal surprise
by confessing it.

It was the intention of Molloy to
keep his marriage dark until he could
arrive safely at Yuma and establish
himself and his bride in the home which
he has prepared there. As president of
the Charivari Club for many years,
Molloy knew that if the news of his
marriage was spread, broadcast, he
would "get his" on arrival at Yuma.

Himself and the other members of
his tempestuous club have made the
home-coming a burden for every bride
and groom, for the last ten years.
All the young people of that city
have long regarded Molloy as a
bright and shining star for the at-
tentions of the club when he should
invite it by his indiscretion, and he
will jump at this early opportunity.

Molloy was married by Judge West
to Miss Anna Wadsworth, daughter of
Mrs. John Wadsworth, of Yuma, and
sister of Miss Eva Wadsworth, who has
recently graduated as a trained nurse
from the Hospital of the Good Samaritan.

Molloy was able to conceal his inten-
tion from the eyes of a curious village
because his bride was formerly his
stenographer, and the pretty romance
was developed in secret.

Molloy is the best town in the Yuma Terri-
tory to the city of Yuma. "Arizona
Charlie" Meadows, the owner of that
addition, often writes to Molloy, his
single estate, which Charlie in his
pictureque Wild West way described
as "single cussedness." One day he
made a bet with Molloy that in a
Yuma would ever consent to make
his life happy. The bet was \$1000
ago, and in winning his bride, Molloy
also won a good property.

EMBEZZLEMENT CHARGED.

At the request of the police authori-
ties of Providence, Matthew Stein,
proprietor of a "win shop in the Grand
Bulldog" on Broadway, is charged with
embezzlement of \$1000 being held in
providence. He left that city last July
and the police have been searching for
him since. He has not stated whether
he will fight extradition.

MORE LAND PATENTS.

Another consignment of patents was
received at the local Land Office, yester-
day. They are being held for dis-
tribution to Lee P. Sargent, John
Crawford, Augustus A. Warren, Henry
Nichols, and H. Bryant. Also, John
Johnson, Henry R. Pagan, Laura A.
Miller, Sarah J. La Bance, Elizabeth
A. Shank, Emma E. Morgan, Elsie V.
Bridgman, Theda M. Bristed, Charles B.
Smith and Aaron A. Cox.

LIVING EXPENSES.

NOW COFFEE SOARS
SKY-HIGH IN PRICE.

COFFEE is soaring in price. Every
day the export market brews the
choking cup that never sobriates
a few cents. Los Angeles has been
the last place in the United States to
feel this, but it is here.

Twenty-five-cent coffee is a thing of
the past, at least for the time being.
There is no more coffee than a small
cup of coffee, from all indications.
Thirty cents in the new quotation over
the grocery counter, and it may be 35
before the present flurry is over.

The large coffee interests of the
country have in the last week gobbled
up every bag and sack of green coffee
in sight. They have paid slight pre-
miums to get it, and now they practi-
cally control a market that is far short
of the ordinary amount of the stable
on hand.

There has been a shortage of the
crop throughout the world. Brazil,
which exports more coffee than any
two other countries, shows total ex-
port of 7,572,000 bags this year, against
11,677,000 bags last year at the same
time. The same story is told in the
coffee-growing centers of Central
America and Arabia.

The reason for the final advance here
is because Los Angeles has the high-
est coffee standard in the United
States. Its coffee drinkers are critical.
They buy the best. The ordinary Rio
coffee which goes into the cheap blends
on the market is seldom received by
the roasters of this city. It won't sell.
The local packers have been putting
out very high-grade coffee and these
have not been touched by the increase
until after the cheaper grades were
left on an upward path.

According to John R. Spaine, of the
Joaness-Spaine Company, importers
and roasters of a great deal of the coffee
coming into Los Angeles, the present
price is the highest in twenty

RELEASED ON DEMURRER.
Defendants Charged With Procuring False Affidavits to Aid in Securing Desert Land Entries.

Demurrers to indictments against Attorney R. C. Noleman and Stuart A. Skinner were upheld by Judge Wellborn of the United States District Court yesterday, and the accused men were released from their bonds. The defendants were charged with having procured persons to swear falsely concerning desert land entries before a notary.

The judge found that the charges against them were not under any Federal statute. His ruling apparently shows that there is a weakness in the United States laws concerning such cases, say officials. It is outside the reach of the Federal authorities to punish anyone who makes false oaths before notaries—unlike with a few exceptions.

The court quoted from a Federal decision which states among other things that "there is no general statute authorizing notaries public to administer oaths and take affidavits in all cases where such are required by the laws of the United States."

TRAFFIC RECORD.
LOOP REQUIRES SPECIAL STEEL.
DELAY IN CROSSINGS ORDERED PUTS BACK WORK.

Operation of West Sixth and West Second Streets Line Postponed Until Material Arrives—Owl Car Service to Be Continued—Calvin Here Inspecting Lines.

Owing to the delay in arrival of special steel crossings ordered by the Los Angeles Railway for the West Sixth and Second streets loop, the operation of this line scheduled for last Sunday has been postponed one week. This is necessary in order to cut the gauge of the crossing from standard to the narrow type of the Los Angeles Railway.

Under ordinary conditions the company would have plenty of crossing steel on hand, but Sixth and Figueroa streets is decidedly out of the ordinary. In the first place, one line of the Los Angeles Railway narrow gauge turns south on Figueroa at this point, while the standard gauge of the Pacific Electric turns north. East of this point the steel is made up for the third rail, while west of the crossing ran the old standard gauge line of the Pacific Electric, on a slight curve.

In order to change the gauge of the West Sixth street line, a special crossing and switch had to be made in the rolling mill at Pueblo. As soon as this crossing arrives a gang of men will finish the changing of the gauge of the sixth street line, and the new plan of operation will go into effect.

It has been decided by the railway officials to continue the present plan of Owl car service, even after the change in operation as the needs of the city have not altered since this operation became effective.

BIG SHIPS NEARLY DUE.
YACHT GOES TO MEET THEM.
The Yale and Harvard, bound from New York to Los Angeles, are expected to arrive here December 12. Fred A. Wana, general traffic manager of the Salt Lake Railroad, will be a guest of Capt. Harry Goodall, one of the owners of the two boats, in a trip on the latter's yacht to meet the big steamships.

The Salt Lake Railroad has put into operation a daily self-propelling motor car service between Los Angeles and San Bernardino. The car leaves Los Angeles at 8:25 a.m., and returns at 6:04 p.m., stopping at Pomona, Ontario, Riverside, Colton and San Bernardino.

E. E. Calvin, vice-president in charge of operation of the Southern Pacific, resumed yesterday his tour of inspection of the Pacific Electric lines, recently taken over by the Harriman interests. It will take two or three days more to complete the tour. Mr. Calvin is accompanied by Paul Shoup, assistant general manager of the Southern Pacific in charge of electric lines, and other officers of the Pacific Electric.

ESPEL IS DEFENDANT.

Arguments on demurrers filed by the Southern Pacific and other companies interested in two complaints designed to oust them from \$10,000,000 oil holdings in the Coalings district were begun before Judge Rose of the United States Circuit Court yesterday.

Smooth Business

The tricks used by manufacturers in trying to foist upon the market imitations of Ghirardelli's Ground Chocolate are a good deal smoother than the goods they make.

One of their methods is to call their products "Ground Chocolate" in imitation of ours, a name we have used exclusively since 1875.

The idea being, that you will not notice the conspicuous absence of the name "Ghirardelli" from the label.

But you can be just as smooth as they. Just glance at the label and politely insist upon "Ghirardelli's Ground Chocolate," the kind that you have always used.

As Ghirardelli's Ground Chocolate is the most economical, as well as the most delicious, you will be money in pocket by insisting upon it.

CHRISTMAS CHARITY IS TWO STEP.
NOBLES OF MYSTIC SHRINE PLAN GRAND BALL.

Will Raise Funds to Provide a Merry Holiday for Many Poor Little Tots, Who Otherwise Would Be Overlooked When Santa Claus Makes His Rounds.

Shrouding the actual details of their programme in profound holiday mystery, the members of Al Malakiah Temple, Order of the Mystic Shrine, promise the best and most elaborate of all Christmas charity balls this year. It will be held at the Auditorium on the evening of December 2.

Besides this ball there is not very much that anybody knows about it except the members of the temple. M. H. Flint, and those who have the entertainment in charge. They are in themselves a sufficient guarantee that the programme will be "mighty good," declare the nobles. Some have gone so far as to admit that they consider it will be something of a novelty.

The main event of the evening is the grand ball, which will begin at 8 p.m. The guests, however, are hidden to be on hand at 5 o'clock in order to participate in an entertainment of much originality known as a "prelude."

Inasmuch as the evening is intended to provide pleasure not only for those who dance but also for those who do not, much attention and professional skill has been bestowed upon this portion of the programme. The details will be kept darkly secret until the last moment. Not even the "wise ones" declare the announcements, can so much as hazard a guess. All that can be discovered is that it will be on hand at 5 o'clock in order to participate in an entertainment of much originality known as a "prelude."

Al Malakiah Temple likewise announces a vaudeville show, music and dancing to be held at Shrine Auditorium Saturday evening, December 1, at 8 p.m. and Sunday, December 2, at 2 p.m. The programme, Resident and visiting nobles are invited to be present—with one lady.
